FORM FOUR: Statement of Activities

A. Please highlight successful collaborative efforts that your agency has conducted or is presenting participating in during this current fiscal year.

AWPC cooperates with other life affirming agencies in the area. For material assistants and support we refer clients to the Pregnancy Help and Information Center (PHI). Likewise, the PHI center staff refers clients to AWPC for ultrasounds and counseling. The volunteer staff attended training at the PHI Center on ways to present abstinence to student groups. Currently we refer clients to the PHI Center for the Pregnancy Support Group and they send women to us for long term counseling/Partner Program.

AWPC refers to Open Door Women's Clinic for ultrasounds and pregnancy tests when we are booked as well as include a flier for STD testing at Open Door for all of our clients. They also refer to us for pregnancy tests and referrals when they are full or closed.

A Women's Pregnancy Center has a working relationship with the Florida Baptist Children's Home (FBCH) for adoption referrals. Pregnant teens are also referred to the home for foster housing during pregnancy. When a client is considering adoption, FBCH is one of the sources on our adoption referral list and is willing to come to our location to meet with clients.

In adjoining communities, Crawfordville to the South and Thomasville to the north, we have been assisting new boards as they attempt to begin pregnancy centers in those locations. We have given materials and resources as well as had members attend our counselor training and shadow our staff. We are serving as a source of advice, though separate entity from these budding centers.
